I have a background in dance and I have performed with dance teams and competed at the national level; however, that was a LONG time ago. There is a rumor going around that I've been inducted into the 80's ladies. I can neither confirm, nor deny, that accusation. I am excited to be competing in Dancing with the Teachers, and I think I should win because I have the most energetic and creative crew, and I am dusting off my dance shoes to perform the fiercest dance routine EVER!!!
