

Crew: Cindy Gorriz, Macy Pantow,
Tiffany Martinez, Maybrith Velasquez, Melanie

Deputy Granillo

I have been with the Sheriff's Department for approximately 15 years. I have been with the GRIP program for two years and assigned here to Santiago this school year. I enjoy mentoring students, and always reminding them that they are special and that hard work and dedication will breed success. Dream big and never give up. Stay away from gangs and drugs and always be a good person.

Dancing is something that has always brought a smile to my face. It brings laughter, and it's good for the soul. My team has been working hard and practicing diligently. We deserve to win because we are putting our hearts into this routine and hopefully will bring much enjoyment to the audience.
