

Shukla Crew: Login Violette, Caitlin Blanchard,
Desirey Rangel

Mrs. Shukla has been a science teacher at Santiago since 1999. She has been a coach for two academic clubs: Science Olympiad and Academic Pentathlon. She is very competitive and always want her students to earn medals in all the competition but most of all she wants to have fun on the journey of any competition.

She has been a classical Indian dancer back home and did Jazz style dancing for several years to keep up with the hobby here in United States.

Bollywood style dancing is a combination of classical Indian dance with hip-hop, jazz, and salsa. Mrs. Shukla said that this will be a new challenge for her as it is fusion dance. She says, "We will win because we have a unique style of dance with choreography that includes grace and high energy".
